EXPORT CREDITS ORDER RESPECTING  
AN ADJUSTMENT TO THE KOTA DAM POWER PROJECT FINANCING

WHEREAS the Export Credits Insurance Act provides that when authorized by the Governor in Council, Export Credits Insurance Corporation may, among other things, provide financing in an export transaction;

WHEREAS pursuant to Order in Council P.C. 1965-232 made February 11, 1965, Export Credits Insurance Corporation made an agreement dated February 18, 1965, with the President of India for a loan to him of an amount of up to \$8 million Canadian currency in respect of the purchase by him, for export from Canada, of engineering and procurement services by Montreal Engineering Company, Limited, Montreal, Quebec, and power generation and transmission equipment from Canadian exporters required for the Kota Dam Power Project in the State of Rajasthan, India;

WHEREAS under the said agreement, if the full amount of the loan is not disbursed, the number of payments would be adjusted by eliminating a proportionate number of payments in the inverse order of due date, which would not reduce the size of the remaining payments;

WHEREAS the President of India has requested that the amount of the financing be reduced to an amount not in excess of \$5.6 million Canadian currency, with the same number of payments as now provided for in the said agreement but reduced proportionately in size, so that the said reduced sum would be repaid in 31 consecutive semi-annual instalments the first of which will be payable on March 15, 1970 with interest at 6% per annum on the principal amount outstanding from time to time, payable on March 15 and September 15 of each year; and

WHEREAS Export Credits Insurance Corporation now requests authority to enter into an agreement with the President of India providing for variation, accordingly, of the provisions for payment to the Corporation contained in the said agreement dated February 18, 1965:

THEREFORE, His Excellency the Governor General in Council, pursuant to Section 21A of the Export Credits Insurance Act, is pleased hereby, in respect of the financing authorized by Order in Council P.C. 1965-232 made February 11, 1965, to authorize Export Credits Insurance Corporation

  - (ii) repayment of the said amount of \$5.6 million Canadian currency in 31 consecutive semi-annual instalments commencing on March 15, 1970 and ending on March 15, 1985 with interest at 6% per annum payable semi-annually on the principal amount outstanding from time to time, and
  - (iii) changes, including provision for new promissory notes, exchange of promissory notes, and adjustments of interest, consequent upon the variations hereby authorized, made without extending the date for payment of any final instalment and without altering the rate of interest;
- b) to guarantee, by an appropriate endorsement or otherwise, the payment of the new promissory notes mentioned in paragraph (a) and whether or not such guarantee has been given to lend money to the holder of any of them upon the security thereof;
  - c) to negotiate, sell or otherwise dispose of any of the said promissory notes or any interest in any of them; and
  - d) to purchase any of the said promissory notes or any interest on any of them disposed of by ECIC hereunder.

holder may purchase the land subject to option upon payment  
to the Crown of the value of the plant additions located  
thereon or, in the event that the land is sold to a third  
party, the option-holder is to receive that portion of the  
purchase price representing the fair market value of the  
lands, as distinct from plant addition thereon;

- 2 -

That Crown Assets Disposal Corporation advertised for sale the remaining land areas of approximately 24.76 acres, including buildings, structures and services located thereon and received a high bid from LEVY INDUSTRIES LIMITED of \$2,505,000, payable one third down with the balance payable in five years with interest at 9 1/4% per annum, secured by a first mortgage;

That, subject to the approval of the Governor in Council, Crown Assets Disposal Corporation proposes to accept the said offer and to sell the said balance of depot property plus the parking lot to LEVY INDUSTRIES LIMITED;

That Massey-Ferguson Limited has agreed to quit-claim its option rights upon payment to it of \$1,610,000 which is deemed to be the value of the lands subject to its option, as distinguished from the value of the plant additions constructed thereon;

That the balance of \$895,000 (\$2,505,000 - \$1,610,000) adequately represents the value of the plant additions and option-free land parcels and is in excess of the average of two independent appraisals obtained on these assets;

That subject to the approval of the Governor in Council, Crown Assets Disposal Corporation, proposes paying to Massey-Ferguson Limited either in one payment or as payments are received from Levy Industries Limited, with interest at 9 1/4% per annum, an amount of \$1,610,000 in consideration of a quit-claim by Massey-Ferguson Limited of its option rights;

That it is considered that the proposed sale to LEVY INDUSTRIES LIMITED and settlement of option rights held by Massey-Ferguson Limited, as aforesaid are in the public interest.

- 3 -

The Committee, therefore, on the recommendation of the Minister of Supply and Services, advise that Your Excellency may be pleased, pursuant to the Surplus Crown Assets Act and the Public Lands Grants Act,

- (1) to approve the sale as aforesaid and that upon provision by the Minister of Supply and Services of a satisfactory description of the lands, Letters Patent do issue granting title in favour of LEVY INDUSTRIES LIMITED of the Borough of York, Province of Ontario;
- (2) to approve the payments to Massey-Ferguson Limited of the amount of \$1,610,000 either in one payment or as payments are received from LEVY INDUSTRIES LIMITED, with interest at 9 1/4% per annum, in consideration of a quit-claim by Massey-Ferguson Limited of its option rights; and
- (3) to authorize Crown Assets Disposal Corporation to borrow whatever amount of moneys may be required at any given time to pay Massey-Ferguson Limited the balance owing, in capital and interest under the terms of the aforementioned option settlement, the amount of such loan, however, not to exceed \$1,000,000.

PRIVY COUNCIL

of the Privy Council, approved by His Excellency the Governor  
General on the 20th May, 1969

The Committee of the Privy Council have had before them a report from the Minister of Transport, representing:

That by Order in Council P.C.1968-2180 of 26th November, 1968, authority was obtained to convey by Letters Patent, pursuant to the Public Lands Grants Act, to the Corporation of the City of Dorval on a no-charge basis a portion of the Cote St. Francois Diversionary road within the City limits containing approximately 285,678.4 square feet, being part of Lot 81 of the Official Cadastre of the Parish of Pointe-Claire, Registration Division of Montreal, Province of Quebec, as shown outlined in red on Plan No. 65-2352B-1 on file in the records of the Department of Transport, subject to the condition that the City would give to the Department of Transport suitable access to Airport lands to the South of the road-way as may be required;

That in referring the matter to the Department of Justice for a draft Patent, to be used in this case, that Department has ruled that the condition included in the Order would just barely be binding on the City of Dorval and certainly would not be binding on any subsequent purchaser;

That as access to this property by the Department is absolutely necessary, the Department of Justice has suggested that the conveyance be made subject to the condition that the land would be used only as a Municipal road and that if it ceases to be used for such purposes, it shall revert to the Crown; and

That the appropriate City officials have indicated that they are prepared to accept the transfer subject to the above noted condition.

- 2 -

The Committee, therefore, on the recommendation of the Minister of Transport, advise that Your Excellency may be pleased hereby to amend Order in Council P.C. 1968-2180 of 26th November, 1968, by deleting from the last two paragraphs the following condition, "that the City will give the Department of Transport suitable access to Airport lands to the South of the roadway as may be required" and substituting therefor the following condition, "that the Corporation of the City of Dorval will use the said land only as a Municipal road and that if and when it ceases to be used for such purposes, it shall revert to the Federal Crown".

General on the 27th May, 1969.

The Committee of the Privy Council have had  
before them a report from the Minister of Transport,  
representing:

That the Management of Canadian National Railways  
advise as follows:

That in 1959, under the terms of Canadian  
National Railways' Standard Traders Siding  
Agreement, the said Railway constructed for  
Canadian Cannery Limited an industrial spur

the purpose of serving the plant of said  
Canadian Cannery at Burlington, Ontario;

That at the time of said track construction,  
Canadian Cannery Limited assumed the porishable

that when sufficient traffic developed, CN  
would take over, as a railway facility, the  
1615 feet of spur track from the point where  
the spur leaves CN's right-of-way to the end  
of the spur;

That a new additional private siding is to  
be constructed off the said spur track to  
serve Plax Canada Limited and now that the  
area adjacent thereto is being developed,  
CN consequently wishes to take over, as a  
railway facility, the said 1615 feet of spur  
track lying outside of CN's existing right-  
of-way;

That Canadian Cannery Limited, in consideration  
of \$1, is prepared to grant to CN permanent  
easement rights in respect to 1.31 acres of land

PRIVY COUNCIL

Certified to be a true copy of a Minute of a Meeting of the Committee  
of the Privy Council, approved by His Excellency the Governor  
General on the 27th May, 1969.

The Committee of the Privy Council have had  
before them a report from the Minister of Veterans  
Affairs, representing:

That subsection (7) of section 36 of the  
Veterans Land Regulations prescribes that the interest  
rate in effect for Part III of the Act is the interest  
rate prescribed in subsection (1) of section 3 of the  
Farm Credit Act Interest Rates Regulations;

That as of the 1st of April 1969 the said rate  
was 8 per cent;

That in September, 1968, qualified veteran  
Joseph Henri Labrie discussed with officials of the  
Veterans' Land Administration the possibility of financial  
assistance under the Act, but was advised that no funds  
were available, as a result of which, he acquired the  
property through other financing;

That a loan application ought to have been  
accepted from qualified veteran Joseph Henri Labrie at  
the time he spoke to local Veterans' Land Act officials  
in September, 1968, but such did not occur;

That veteran Joseph Henri Labrie on the 17th of  
February, 1969, requested the Director provide financial  
assistance pursuant to subsection (1) of sections 10 and  
65 of the Act, but said application could not be approved  
prior to the 27th of February, 1969, the date on which  
the Veterans' Land Act was amended to provide that from  
time to time the interest rate would be prescribed by  
regulation;

- 2 -

That on the 11th of March, 1969, the rate of interest under Part III was set at 7  $\frac{1}{4}$  per cent;

That had officials of the Veterans' Land Act accepted an application from the veteran in September and provided him a commitment on funds to be made available in the fiscal year 1969-70, veteran Joseph Henri Labrie could have been provided a loan under Part III of the Act with interest payable at the rate of 5 per cent; and

That, since it is through no fault of the veteran his application was not processed prior to the date on which the interest rate was increased, it is deemed advisable to provide him the same benefits he could have expected to obtain had his request for financial assistance been processed in a proper manner.

The Committee, therefore, on the recommendation of the Minister of Veterans Affairs, pursuant to subsection (1) of section 68 of the Veterans' Land Act, advise that Your Excellency may be pleased to approve an interest rate of 5 per cent per annum insofar as it relates to a loan to be advanced, pursuant to subsection (1) of section 65 of the Veterans' Land Act, to qualified veteran Joseph Henri Labrie, notwithstanding the provisions of subsection (7) of section 36 of the Veterans Land Regulations.

PRIVY COUNCIL

Certified to be a true copy of a Minute of a Meeting of the Committee  
of the Privy Council, approved by His Excellency the Governor  
General on the 29th May, 1969.

The Committee of the Privy Council have had  
before them a report from the Minister of National Health and  
Welfare, representing:

That there is growing concern in Canada about the  
non-medical use of certain drugs and substances, particularly,  
those having sedative, stimulant, tranquillizing or hallu-  
cinogenic properties, and the effect of such use on the  
individual and the social implications thereof;

That within recent years, there has developed also  
the practice of inhaling of the fumes of certain solvents  
having an hallucinogenic effect, and resulting in serious  
physical damage and a number of deaths, such solvents being  
found in certain household substances. Despite warnings and  
considerable publicity, this practice has developed among  
young people and can be said to be related to the use of drugs  
for other than medical purposes;

That certain of these drugs and substances, in-  
cluding lysergic acid diethylamide, LSD, methamphetamines,  
commonly referred to as "Speed", and certain others, have  
been made the subject of controlling or prohibiting legis-  
lation under the Food and Drugs Act, and cannabis, marijuana,  
has been a substance, the possession of or trafficking in  
which has been prohibited under the Narcotic Control Act;

That notwithstanding these measures and the  
competent enforcement thereof by the R.C.M. Police and other  
enforcement bodies, the incidents of possession and use of  
these substances for non-medical purposes, has increased and  
the need for an investigation as to the cause of such increas-  
ing use has become imperative.

The Committee, therefore, on the recommendation of  
the Minister of National Health and Welfare, pursuant to  
Part I of the Inquiries Act, advise

1. That inquiry be made into and concerning the  
factors underlying or relating to the non-medical  
use of the drugs and substances above described  
and that for this purpose a Commission of Inquiry  
be established, constituted and with authority  
as hereinafter provided,

- (a) to marshal from available sources, both in Canada and abroad, data and information comprising the present fund of knowledge concerning the non-medical use of sedative, stimulant, tranquillizing, hallucinogenic and other psychotropic drugs or substances;
  - (b) to report on the current state of medical knowledge respecting the effect of the drugs and substances referred to in (a);
  - (c) to inquire into and report on the motivation underlying the non-medical use referred to in (a);
  - (d) to inquire into and report on the social, economic, educational and philosophical factors relating to the use for non-medical purposes of the drugs and substances referred to in (a) and in particular, on the extent of the phenomenon, the social factors that have led to it, the age groups involved, and problems of communication; and
  - (e) to inquire into and recommend with respect to the ways or means by which the Federal Government can act, alone or in its relations with Government at other levels, in the reduction of the dimensions of the problems involved in such use;
2. That for the above purposes and all purposes properly incidental thereto, the Commissioners hereinafter named shall have the powers conferred upon them by Part I of the Inquiries Act and, without limiting the powers therein contained, have and possess the power of summoning and be empowered to summon before them any person or witness and of requiring that person or witness to give evidence on oath or affirmation, orally or in writing, and of requiring him to produce such documents and things as the Commissioners deem requisite to the full investigation of the matters above referred to;
3. That the said Commissioners may, if they deem the same expedient, cause a record to be made of the evidence which shall be given or produced before them, or any part of that evidence, as to the matters to be inquired into and reported upon and may direct

that the oral evidence of witnesses before them, or any such witness, shall be taken in shorthand by a shorthand writer, approved and sworn by the said Commissioners or one of them, and may direct that the oral evidence of any such witness may be so given and recorded, whether under oath or otherwise, without a disclosure of the identity of that witness, and that any evidence so recorded shall be certified by the person or persons taking the same in shorthand, as correct;

4. That for the above purposes the Commissioners be authorized to invite, receive and consider briefs and submissions and to hold discussions with persons both in Canada and abroad, as the Commissioners may deem expedient;
5. That the said Commissioners may adopt such procedure and method as they may deem expedient for the conduct of such inquiry, not inconsistent with the law, and may alter or change the same from time to time;
6. That the Commissioners be empowered and required to make an interim report to the Minister of National Health and Welfare at the expiration of six months from the date of this Order and, in their discretion, at six-month intervals thereafter on any matter which, in their judgment, is the proper subject of such a report, together with, at their discretion, the evidence then before them and their findings thereon, and to submit a final report of their inquiry and report thereon not later than the expiration of two years from the date of this Order;
7. That the said Commissioners be authorized to engage the services of such counsel and of such technical officers, experts and other experienced persons, clerks, reporters and assistants as they may deem necessary and advisable;
8. That the cost of conducting the said inquiry, including transportation, travel and other reasonable expenses incurred by the Commissioners on account of the inquiry and any remuneration properly paid to them in connection with the work be paid from funds provided or to be provided by Parliament from time to time in the Estimates of the Department of National Health and Welfare and available therefor;

PRIVY COUNCIL

Certified to be a true copy of a Minute of a Meeting of the Committee  
of the Privy Council, approved by His Excellency the Governor  
General on the 3rd June, 1969.

The Committee of the Privy Council have had  
before them a report from the Minister of Veterans  
Affairs, representing:

That subsection (1) of section 24 of the Veterans  
Land Regulations provides that the Director may not approve  
financial assistance on behalf of a veteran qualified as a  
small holder on an area of land containing less than one  
half of one acre, but at the discretion of the Director this  
area may be reduced by 20 per cent;

That qualified veteran Arthur Richard Samuel  
Braithwaite requested that the Director provide financial  
assistance under Parts I and III of the Act to acquire a  
property located near Dartmouth, Nova Scotia, said to contain  
an area of about 24,000 square feet;

That purchase of the property was approved in early  
December, 1968 and a legal agent, appointed by the Department  
of Justice, was instructed to register a good and marketable  
title to the property in the name of The Director, The Veterans'  
Land Act;

That it was subsequently discovered that part of the  
land considered to make up the lot was held by the Provincial  
Department of Highways, and the actual area of the land being  
offered to the Director was approximately 15,500 square feet;

That officials of the Department of Highways were  
approached with a view to acquiring sufficient land to meet  
the minimum acreage requirements, but they were not prepared  
to sell any part of this land; and

- 2 -

That since veteran Arthur Richard Samuel Braithwaite acted in good faith, under the impression the parcel of land he had privately acquired contained sufficient area to meet the minimum requirement and since officials of the Veterans' Land Administration considered the property acceptable counselled him to make a financial commitment in respect thereof and subsequently approved its purchase, it is deemed advisable to approve the establishment of Arthur Richard Samuel Braithwaite on the said reduced area.

The Committee, therefore, on the recommendation of the Minister of Veterans Affairs, advise that Your Excellency may be pleased to approve the establishment of qualified veteran Arthur Richard Samuel Braithwaite on a parcel of land located near Dartmouth, in the Province of Nova Scotia, containing approximately 15,500 square feet in area, which is slightly less than the prescribed minimum of one half of one acre.

That subsection (1) of section 24 of the

may not approve financial assistance on behalf of a  
veteran qualified as a small holder on an area of land  
containing less than one half of one acre, but at the  
discretion of the Director this area may be reduced by  
20 per cent;

That qualified veteran Phillip Jack Werth re-  
quested that the Director provide financial assistance  
under Parts I and III of the Act, to acquire a parcel of  
land described as Lot 160, Plan 349783, Township of  
Nepean, County of Carleton, Province of Ontario, con-  
taining an aggregate area of 17,900 square feet;

That inasmuch as the boundaries of the lot  
were irregular it was recommended by the appraiser that  
a survey be obtained to confirm the area;

That an Ontario Land Surveyor, in the course of  
calculating the area, discovered a mistake in the registered  
plan, as a result of which the correct area of the lot is  
calculated to be 16,643 square feet, which is approximately  
781 square feet less than the minimum requirements of the  
said subsection (1) of section 24 of the Regulations; and

That since veteran Phillip Jack Werth acted in  
good faith in this transaction in requesting that the  
Director acquire a parcel of land which he considered con-  
tained slightly in excess of the minimum area required, it  
is deemed advisable to approve his establishment on the  
reduced area.

- 2 -

The Committee, therefore, on the recommendation of the Minister of Veterans Affairs, advise that Your Excellency may be pleased to approve the establishment of qualified veteran Phillip Jack Werth on a parcel of land described as Lot 160, Plan 349783, Township of Nepean, County of Carleton, Province of Ontario, containing approximately 16,643, square feet in area which is slightly less than the prescribed minimum of one half of one acre.

That The Director, The Veterans' Land Act, owns 300 acres of land, with farm buildings, described as Lots 68, 82 and 83, in the New Denmark Settlement, County of Victoria and Province of New Brunswick;

That the cost of this property to the Director has been calculated at \$35,746.92;

That the Director sold Lot 68 to Elmer Edwin Funk, a qualified veteran, in August, 1948 and Lots 82 and 83 to the same veteran in September, 1960;

That the veteran died on the twenty-second day of May, 1968;

That the widow of the deceased veteran subsequently decided that she would be unable to operate and maintain the property;

That the agreement made between the veteran and the Director was rescinded, with the consent of the Provincial Advisory Board, in January, 1969;

That the property has been advertised for sale by public tender;

General on the 10th June, 1969.

The Committee of the Privy Council have had  
before them a report from the Minister of Veterans  
Affairs, representing:

That subsection (7) of section 36 of the Veterans  
Land Regulations prescribes that the interest rate in effect  
for Part III of the Act is the interest rate prescribed in  
subsection (1) of section 3 of the Farm Credit Act Interest  
Rates Regulations;

That as of the 1st of April, 1969 the said rate  
was 8 per cent;

That on the 21st of February, 1968 The Director,  
The Veterans' Land Act, approved financial assistance,  
pursuant to subsection (1) of sections 10 and 65 of the  
Veterans' Land Act, to the maximum amount, on behalf of  
qualified veteran Legere Gauvin, subject to receipt of the  
necessary cash deposits of \$2,600;

That the source of the funds to make the necessary  
cash deposits was sale of the veteran's existing farm pro-  
perty under the Agricultural and Rural Development Act  
(ARDA), but officials of ARDA were not prepared to advance  
funds until assurance had been obtained of the approval of  
a loan that would enable veteran Legere Gauvin to relocate;

That it was impossible for the initial deposits  
to be paid prior to the 27th of February, 1969, the date on  
which the Veterans' Land Act was amended to provide the  
interest rate, from time to time, would be prescribed by  
regulation;

That on the 11th of March, 1969 the rate of  
interest under Part III of the Act was set at 7  $\frac{1}{2}$  per cent;

- 2 -

That had veteran Legere Gauvin, prior to the 27th of February, 1969, been in a position to make the deposits required in respect of the assistance for which he had applied, he could have been provided a loan under Part III of the Act with interest at the rate of 5 per cent; and

That it was through no fault of the veteran that funds were not available from the sale of his personally owned property and, therefore, it is deemed advisable to provide him the same benefits he would have obtained had it been possible to approve financial assistance on the date on which his loan was conditionally approved, the 21st of February, 1969.

The Committee, therefore, on the recommendation of the Minister of Veterans Affairs, pursuant to subsection (1) of section 68 of the Veterans' Land Act, advise that, Your Excellency may be pleased to approve an interest rate of 5 per cent per annum insofar as it relates to a loan to be advanced pursuant to subsection (1) of section 65 of the Veterans' Land Act to qualified veteran Legere Gauvin, notwithstanding the provisions of subsection (7) of section 36 of the Veterans Land Regulations.

EXPORT CREDITS ORDER RESPECTING  
SALES OF BREEDING CATTLE TO THE  
REPUBLIC OF CUBA BY CANADIAN EXPORTERS

WHEREAS the Export Credits Insurance Act provides that where the Minister of Industry, Trade and Commerce makes certain reports to the Governor in Council, the Governor in Council may approve of and authorize Export Credits Insurance Corporation to enter into a proposed contract of insurance and issue a proposed guarantee to a bank in connection therewith;

WHEREAS the Minister of Industry, Trade and Commerce has reported that the Board of Directors of the said Corporation is of opinion that the hereunder described proposed contracts of insurance and guarantees issued to banks in connection therewith would impose upon the Corporation a liability in an amount in excess of that which the Corporation would normally undertake in relation to that country or commodity if the total liability were borne by the Corporation under Section 14;

WHEREAS the said Minister has further reported that in his opinion it is in the national interest that the proposed contracts be entered into and the proposed guarantees be issued in connection therewith;

WHEREAS the proposed contracts of insurance would insure Canadian exporters against the loss they may sustain by reason of their failure to recover amounts payable under their contracts entered into for the sale of Breeding Cattle, having an aggregate maximum value of \$12,000,000., exclusive of interest, to be exported from Canada to The Republic of Cuba on terms of payment calling for a down payment of not less than 20% of the F.O.B. port of exit price to be made by or at time of delivery, with the balance of 80% payable in six semi-annual payments, the first of which to be made six months from date of shipment, equal as to principal and with interest, at negotiated rates, payable at each maturity on the full reducing principal balance and with promissory notes made by the buyer to secure each payment fully guaranteed as to dollar payment of principal and interest by the Banco Nacional de Cuba;

WHEREAS the Export Credits Insurance Corporation will undertake under Section 14 of the Export Credits Insurance Act approximately one-fifth by volume of the proposed liability in respect of contracts of insurance and guarantees and approximately four-fifths will be undertaken under Section 21 and that liabilities will be undertaken concurrently under Section 21 and Section 14 in this approximate ratio as is made possible by the amount of actual sales as they occur;

WHEREAS the proposed guarantees in connection with the said contracts of insurance would unconditionally guarantee to banks payment of the said promissory notes, including interest at the negotiated rate thereon, and would guarantee to such banks payment of up to 91 days' interest after the due date of any promissory note:

THEREFORE His Excellency the Governor General in Council, pursuant to Section 21 of the Export Credits Insurance Act, is pleased hereby to approve of and authorize Export Credits Insurance Corporation

- (a) to enter into the proposed contracts of insurance, on a 90% - 10% co-insurance basis, to cover the losses exporters may sustain under their contracts entered into for the sale of Breeding Cattle, having an aggregate maximum value of \$12,000,000., plus interest, to be exported from Canada upon the following terms:
  - (i) individual contracts of sale with Canadian exporters to be of a value of not less than \$150,000., to be entered into before September 1, 1972 and shipment to be made before close of the St. Lawrence shipping season encompassing that date,
  - (ii) the Breeding Cattle are to be delivered and accepted in Canada,
  - (iii) a down payment of not less than 20% of the F.O.B. port of exit price to be made by or at time of delivery, with the balance of 80% payable in six semi-annual payments, the first of which to be made six months from date of shipment, equal as to principal and with interest, at negotiated rates, payable at each maturity on the full reducing principal balance,
  - (iv) promissory notes are to be made by the buyer to secure each payment and are to be fully guaranteed as to dollar payment of principal and interest by the Banco Nacional de Cuba,
  - (v) the maximum liability of Export Credits Insurance Corporation under the contracts of insurance issued under Section 21 shall not exceed \$4,800,000. plus interest, and
- (b) to issue unconditional guarantees to the exporters' banks in connection with the proposed contracts of insurance, guaranteeing payment of the principal value and interest of the said promissory notes with aggregate maximum liability of \$5,600,000. plus interest.
